

YLI ELECTRONIC

Voltage Switch Module

Model: PCB-504

Specification

- Size: 40Lx27Wx12H(mm)
- Material: High quality elements with superb design
- Operating temp: -20~+70℃
- Input : 12-28VDC (Blue)
- Output : 12VDC / 1A (Green)
- Weight: 0.05kg

Wire Connection

Basic Instruction

When the power supply is cut off, the relay contact switch (NO/NC) NC will be switched to NO contact output as remote monitoring.

Dimension
